## TIGER Elemental Sulphur 99.5%

Elemental Sulphur Pastille (0-0-0-99.5 S)

### TIGER Elemental Sulphur 99.5% Benefits

**Elemental Sulphur 99.5%** is designed to provide industrial sulphur users with a form of sulphur featuring excellent handling characteristics. This material is formed from molten sulphur using a drop forming process that results in a solid-formed, 280 SGN product known as a “pastille.” This manufacturing process allows Tiger-Sul to deliver a quality material that surpasses the standards in industries such as...

- Steel making
- Pulp and paper
- Malting
- Fruit processing
- Mining
- Power plants
- Water treatment
- Chemical manufacturing
- Fertilizer
- Pesticide manufacturing
- Winemaking
- Pharmaceuticals
- Furniture building
- And other industries

This product is very easy to handle with a low dust content, allowing for enhanced safety during the industrial handling processes.
